## **Notice of Public Workshop on the Development of Amendments to the Water Quality Control Plan for the Sacramento River and San Joaquin River Basins (Basin Plan) to Control the Discharge of Pesticides**

The Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board) staff will hold a public workshop to discuss the development of amendments to the Basin Plan for the control of discharges of pesticides. Staff is developing for Regional Board consideration an amendment to the Basin Plan designed to establish water quality objectives and a program of implementation for pesticides that are impacting or could potentially impact aquatic life uses in surface waters. Additional information about the proposed project is available on the Water Boards website at:

<http://www.waterboards.ca.gov/centralvalley/programs/tmdl/pest-basinplan-amend/index.html>

This workshop will provide participants with a status update on the project and a discussion of recently released reports. In addition, a representative from the UC Davis research team will present and answer questions about the recent work on the development of methods for the derivation of pesticide water quality criteria.

### **Time and Location:**
